In honor of FORBES 50th Anniversary
we would like to send *YOU* a valuable gift...

“Forbes Portfolio of Investment Ideas and Information”

Here's a brief summary of how this Portfolio can help you with your personal investment program—no matter how modest or how large:

High Quality Stocks with Reasonable Price Tags

Here's an analysis of “Junior Blue Chips”—the GM's, IBM's and GE's in their field—that have racked up gains well above the S&P “500”. This Report not only gives you facts and figures on their earnings, assets and growth, but a noted FORBES analyst picks his favorites among these dynamic stocks.

A New Look at Life Insurance Stocks

Life insurance business has been booming, but life stocks have not recently moved along with the boom. FORBES takes a good look at the records of 40 leading life companies and estimates future potential. A Special Bulletin by a FORBES analyst picks two outstanding insurance stocks.

How Well is Your Mutual Fund Really Doing?

FORBES latest Annual Study rates each of over 300 Funds, including 17 closed-end investment companies—shows which performed best, which worst in 4 periods of rising prices and 4 declines over the past 12 years. It also includes a list of 30 “no-load” Funds—those you can buy *without paying any sales charge!*

The Truth About Warrants

The twin-edged investment tool that can give you spectacular profits, or protect you against loss. This valuable FORBES Report points out their pitfalls as well as their profit potential.

How to Use “Puts and Calls”

FORBES clear explanation of the mechanics of and uses for both types of contracts. This valuable investment tool can protect profits, insure against loss, save on taxes.

Point & Figure Charting in Today's Market

This 20-page introduction to charting by a FORBES expert shows you how to translate chart facts into investment policy—full of practical examples to illustrate the how-to's and

benefits of charting.
